Welcome to our 2024 international course guide. This guide gives details of our courses who want to study in the UK.

New City College is London's second largest college, with students from a range of countries, located in the dynamic east of the city, close to the financial and artistic hubs. We have good success rates at our college and 88% of our students went into top UK universities last year. Students can choose from a wide range of courses and a great student experience as well as studying and living in one of the most exciting cities in the world.

Whatever you choose, our dedicated international team will work hard to ensure that the course and accommodation is right for you.

# London Accommodation Information 2024

We can arrange accommodation for students coming to London. This is organised by us through a student accommodation company, which is registered with the British Council.

Most students take homestay accommodation, which involves living as a member of the family in their own room, but residential accommodation can also be arranged.

# Care of Students Under 18 years of age

The safety and security of all our students is very important to us. We pay special attention to those students under the age of 18 by using a Safeguarding Policy which:

- Requires all staff to complete Safeguarding Awareness training.
- Arranges for all students under the age of 18 to have a regular meeting with a personal tutor.
- Makes sure that students are aware of UK licensing laws for the sale and drinking of alcohol.
- Checks that staff and homestays accommodating students under 18 complete enhanced Disclosure and Barring Service checks.
- Makes sure that all students under the age of 18 who want to join off-site excursions have a signed parental agreement to do so.
