COMPLAINTS POLICY AND PROCESS

1. Introduction and Policy Statement

New City College aims to provide high quality services that meet the needs of our learners, staff and our wider communities. This Complaints Policy and Process has been developed to encourage constructive feedback and help us to resolve issues. This will help us to improve the way we work for the benefit of all users of the College and its environment.

Through this policy and process we provide an open and fair method for dealing with alleged failure to meet acceptable standards of service. It allows the college to handle matters efficiently and effectively, allowing sufficient time to find out and consider relevant facts.

We welcome comments, complaints and suggestions from all members of the College community, from prospective students and from the general public. (Staff who wish to make a complaint should use the College grievance procedure.) All complaints and suggestions are taken seriously and are not regarded as a criticism of individuals.

The policy and process have been designed to make sure that people who wish to make a complaint are:

- taken seriously
- told who is dealing with the feedback and when a reply can be expected
- given a full and timely response
- kept informed of what is happening, with an explanation of any delays
- told about what to do next if they feel the complaint is not resolved to their satisfaction.

This process gives an opportunity for New City College to review, evaluate and address issues raised. This process supports the College's continuous quality improvement.

For students aged 18 and over (aged 25 and over if an EHCP is in place); a complaint received from a third party (including a parent) will be considered only with the express written permission of the person to whom the complaint relates giving the named third party power to act on their behalf. The College reserves the right not to engage with third party representatives for students aged 18 and over (aged 25 and over if an EHCP is in place) during the internal process of the complaint procedure. This permission must be supplied within the six-week period following the incident. Anonymous complaints will not be considered.

A group of students may collectively bring a complaint, where there is a shared concern common to all complainants (a 'group complaint'). In such cases one student should be nominated by the group as the spokesperson and correspondent, with the written agreement of the other complainants. Each member of the group must be able to demonstrate that they have been personally affected by the issue(s) triggering the complaint. Following the completion of the investigation process the complaint outcome will be communicated to each student named in the group complaint.

All complaints regarding staff members conduct sit outside of this Policy and are dealt with by the Deputy Group Director Human Resources for review and further action.

Any information regarding complaints is held on College systems in accordance with the General Data Protection Regulation. No unnecessary personal information is held.

This process and policy should be used for complaints about services provided by New City College. Students learning or training with other providers should use the relevant complaints process.

2. Complaints not in Scope

- **Anonymous complaints** - The College reserves the right not to investigate anonymous complaints, at its discretion.
- **The student disciplinary process and complaints** - The complaints process should not be used to appeal an outcome of a disciplinary process, for example to appeal an exclusion or a managed absence. The student disciplinary policy explains the appropriate process for this.
- **Vexatious or unfounded complaints** - A vexatious complaint is one which is made with the intention to cause inconvenience, harassment or expense to an organisation. If it is demonstrated that a complaint has no basis, or is a repetition of a previous complaint within the academic year for which the complaints procedure has been followed and exhausted, it may be deemed a vexatious complaint.

Every complaint that is received by the College will be considered. Where a senior manager has good reason to believe that a complaint is vexatious, it will be acknowledged, recorded and no further action taken.

3. Multiple Complaints

Should the college receive multiple inconsequential complaints of a similar nature and type from a complainant these will be addressed informally within the department.

Where multiple complaints are received that are of a similar nature and type or are a repetition of a previous complaint, and in accordance with the formal process outlined in section 6, an investigating manager will be appointed. Such complaints, where possible, will be investigated by the appointed Manager that carried out the previous investigation.

4. Academic Judgement and/or Appeals

Academic related complaints must relate to a specific concern about the provision of a programme of study or related to an academic service, including, teaching and academic facilities. For complaints made following the end of a programme of study/end of formal teaching, students must be able to demonstrate that concerns were raised at some stage during the programme and that the college was given opportunities to resolve these concerns.

Complaints will be considered under the 'NCC Complaints Policy and Process' only where they are deemed not to be an appeal of learning outcomes, including matters of academic judgment.

Not in Scope - The complaints process does not cover matters of academic judgement, this could relate to: learning outcomes, the award of marks for an assessment, fitness to practice and/or research methodology (see OIA Rule 30.2 'the student complaints scheme'). <https://www.oiahe.org.uk/media/2268/guidance-note-rules-april-2018.pdf> . For further information on HE academic appeals, Policies and Procedures can be found on the New City College Higher Education web area <https://www.ncclondon.ac.uk/higher-education/policies-and-procedures>

5. The first step: Informal Process

Many difficulties can be dealt with by a lecturer, tutor or other relevant member of staff. This is the first step to try to resolve any problems at college. An informal approach can often be the quickest and most agreeable way of resolving complaints or concerns. Simply raise concerns directly with a relevant member of staff, who will review and respond within 5 working days. If this does not resolve your concerns, a formal complaint can be made.

6. Formal Process

(A useful step-by-step summary of the formal complaints process is noted below in section 10)

6.1 Formal complaints may be made by completing a complaint form through the college website or on the MYNCC app.

Or by email to: Complaints@ncclondon.ac.uk

Or in writing to:

Complaints
New City College
Ardleigh Green Road
Hornchurch RM11 2LL

Complaint forms can also be completed by hand and handed to a customer services team member.

- a. For the College to fully investigate and respond to a complaint, it should include:
 - An explanation of the concern and/or dissatisfaction with the College
 - Relevant information that supports the complaint
 - A note of the outcome you would like to see (this needs to be realistic and is without prejudice).

If you have difficulty in making a written complaint, you may request for a member of staff to discuss your complaint with you in confidence and note the details for you.

6.2 The College will acknowledge receipt of the complaint usually within 5 working days of receiving the complaint.

6.3 An investigating manager will be appointed by the Group Complaints Coordinator, the investigating manager will undertake a full review of the complaint and record their findings. Any appointed investigating manager will be independent to the source of the complaint and directorate.

6.4 In most cases, the investigating manager will send a written report explaining the outcome of the complaint investigation within 10 working days of its acknowledgement to the Group Complaints Coordinator. The investigating manager will make every reasonable effort to complete the investigation within the 10-day timeline.

If a complaint is particularly complex, to ensure a thorough review of the submission it may be necessary to take a case beyond the standard time limit, however, this would not be expected to take longer than 90 days. In such circumstances the investigating manager will send an explanation and interim update via the Group Complaints Coordinator.

When the investigating Manager has completed the investigation, the outcome of the complaint will be shared with the Deputy Principal. A letter will then be issued by the Group Complaints Coordinator outlining the outcome.

6.5 Any complaint should be submitted as soon as possible and must be made in writing or by email within 6 weeks of the incident occurring. Should your complaint fall outside of this timescale it will be rejected unless there are extenuating circumstances by way of justification.

When late complaints outside of the college's timeframe are submitted citing 'Extenuating circumstances', the Deputy Principal Redbridge will review and make

a decision whether or not to proceed with an investigation. The College will not normally investigate any complaints made more than three months after the isolated incident or the start of a series of incidents.

'Extenuating Circumstances' are events that are sudden, significantly disruptive and beyond your control. Examples may include; bereavement of a close relative, serious illness, hospitalisation, victim of a serious crime.

Complainants are required to provide documentary evidence to support claims of 'Extenuating Circumstances'.

- 6.6 If the complainant is dissatisfied with the outcome they may appeal to the relevant/appointed New City College Campus Principal by email to Complaints@ncclondon.ac.uk

7. The role of the investigating manager and the involvement of other staff

- 7.1 The member of staff carrying out an investigation into a complaint (the investigating manager) will be independent to the source of the complaint, and not involved in the situation or directorate which has given rise to the complaint. The investigating manager is required to look into the complaint objectively, thoroughly and with impartiality.
- 7.2 Through the investigation the investigating manager will seek opportunities to resolve rather than to escalate the complaint.
- 7.3 The investigating manager will conduct meetings and carry out other forms of investigation as appropriate in order to report to the complainant as soon as possible. Examples of reasons for potential delays in response include periods of College holiday, staff absence, if a complaint is particularly complex or if the complaint is closely linked to another college process such as grievance or disciplinary.
- 7.4 The investigating manager should give regular updates to the Deputy Principal, Redbridge, via Complaints@ncclondon.ac.uk throughout the investigation and report any anticipated delays to agreed deadlines.
- 7.5 The investigating manager will respect appropriate confidentiality for as long as is practicably possible. Details will be shared with staff who need to know in order to investigate and respond. However, if a complaint is made against a member of staff, the identity of the complainant will be disclosed to that member of staff. If there are any reasons why this should not happen, this should be discussed with the Deputy Principal, Redbridge and noted in the record of the complaint. Any person implicated in a complaint will be informed of the nature of the complaint and have the right to state their understanding of the situation as part of the investigation.
- 7.6 The investigating manager will not report their findings to the complainant, which would be via the Complaints Coordinator, until the investigation is complete - other than as part of the investigation or to explain a delay in the process.
- 7.7 When the investigation is complete the investigating manager will complete a report explaining the outcome of the complaint. The investigating manager will forward this to Complaints@ncclondon.ac.uk so that their findings can be communicated to the complainant via a complaints closure letter and recorded centrally and securely by the Complaints Coordinator.
- 7.8 For serious complaints a full report will be sent to the relevant Director, Deputy Principal, and/or Principal.
- 7.9 If the outcome of the investigation recommends disciplinary action, the issue will be passed to the Director of Human Resources.

8. The Appeal Stage

- 8.1 If a complainant is not satisfied with the outcome of their complaint, they should write within 10 working days of receipt of the closure letter, **explaining the reason/s why they are not satisfied**, to:

Complaints
New City College
Ardleigh Green Road
Hornchurch RM11 2LL

Or by email to:

Complaints@ncclondon.ac.uk

- 8.2 This will be regarded as an appeal, and will be reviewed by the Principal at the relevant New City College campus. This may be delegated to a Deputy or appointed Principal as appropriate.
- 8.3 Appeals must be based on one or more of the following grounds:
- That procedural errors in the investigation significantly affected the outcome
 - That evidence has not been properly considered and / or that there are reasons to query the judgment that has been reached
 - That new evidence has come to light which was not available during the investigation
- 8.4 The relevant/appointed Principal or Deputy will carry out a further assessment of the complaint and its response, known as a 'Validity Assessment'. If the Principal or Deputy agrees that there are valid grounds for an appeal, they will arrange an appeal hearing usually within 3 working weeks. A written summary of the appeal outcome will be sent within 10 working days of the appeal hearing.

9. Next steps

- 9.1 Following the conclusion of the appeal, if a complainant is still not satisfied with the outcome or response, they may be able to take the matter further with the Education and Skills Funding Agency (ESFA) or, if they are a student on a higher education course, the awarding university, and then the Office of the Independent Adjudicator for Higher Education (OIA) (www.oiahe.org.uk), refer to section 10 below for further details.

10. Higher Education: Further Options

For students enrolled on the College's Higher Education programmes.

- 10.1 The College subscribes to the Office of the Independent Adjudicator (OIA) for Higher Education. With the exception of providers see 10.3, 10.4, 10.5 below - For HE-related complaints a Completion of Procedures (COP) Letter will be sent to the complainant, within 28 days of the final closing letter.
- 10.2 Complainants wishing to take their unresolved complaint beyond the College may have recourse to the university that approves or validates their qualification. Before proceeding externally to the university, the College complaints procedure must be followed first and in its entirety.
- 10.3 For Students studying with London Metropolitan University if, after completion of the College's procedure the student is dissatisfied with the outcome, the student has the right to contact the university for a review of the decision. Further information can be found on Student Zone for London Metropolitan University at:

- 10.4 For Pearson HN provision the College will send a Completion of Procedures Letter to the complainant, within 28 days of the final closing letter.
- 10.5 For students studying with Bath Spa University if, after completion of the College's procedure the student is dissatisfied with the outcome the student has the right to contact the University for a review of the decision. This must be made within 3 months of receiving the College's final outcome letter. The university can be contacted via email: Complaintsofficer@bathspa.ac.uk

Following Bath Spa's review and completion of the university's procedure. Bath Spa will issue you a completion of procedure letter.

10.6 **Further Recourse**

If, after exhausting both the College's and the awarding or validating university's complaints procedure, the student is still dissatisfied with the outcome, then the student on a Higher Education programme is entitled to ask the Office of the Independent Adjudicator (OIA) to look into the complaint. This must be made within 12 months of receipt of the awarding body/university completion of procedures letter.

The OIA can be contacted at the address below:

Office of the Independent Adjudicator for Higher Education
Second Floor
Abbey Wharf
57-75 Kings Road
Reading RG1 3AB
Tel: 0118 959 9813
Email: enquiries@oiahe.org.uk
Website www.oiahe.org.uk/students

- 10.7 The OIA considers complaints from those who remain dissatisfied at the conclusion of the College's internal complaints procedure (Pearson HN programmes) and for complaints relating to an awarding or validating university both the College and the university's complaints procedure. The OIA looks at issues such as whether the procedure was followed, whether these procedures were reasonable, and whether the final decision was reasonable in all the circumstances. The College will respond to any OIA enquires in line with OIA timeframes. The OIA cannot normally look at complaints:

- Where the student has not progressed through all stages of the College's complaints procedures and where applicable the university's procedure
- Where the complaint refers to matters more than three years old
- Where the Completion of Procedures letter is received outside the twelve month time limit
- Where matters have been or are being considered in court.

11. New City College step-by-step summary complaint procedure: Formal stage

- 11.1 If a complaint cannot be resolved informally, a complaint is submitted using the formal stage complaints form, by email to Complaints@ncclondon.ac.uk or by letter to Complaints, New City College, Ardleigh Green Road, Hornchurch, RM11 2LL. (If needed, a staff member may give support by writing notes of a verbal complaint).
- 11.2 The complaint is usually acknowledged within 5 working days.
- 11.3 An investigating manager is appointed as soon as possible after the formal complaint is received and is given the details of the complaint from the form, letter or email.
- 11.4 The Group Complaints Coordinator informs the relevant Group Curriculum Director or service manager of the complaint.
- 11.5 The Group Complaints Coordinator on behalf of the investigating manager may arrange interviews with the complainant and/ or any staff involved in the situation, as appropriate to the nature of the complaint.

- 11.7 If the complaint relates to teaching and learning, the investigating manager may contact the Group Curriculum Director Teaching, Learning & Development.
- 11.8 The complaints Coordinator writes to the complainant (via Complaints@ncclondon.ac.uk) with a summary of the investigating managers findings and the outcome normally within a further 10 working days of the investigation completion. The full investigation report including recommendations, will also be shared with the relevant Deputy Principal and/or Principal.
- 11.9 The closure letter will be sent to the complainant from Complaints@ncclondon.ac.uk If an appeal is not made within 10 working days from receipt of the letter, the complaint is considered closed.
- 11.10 If the complainant is not satisfied, they may submit an appeal within 10 working days of receipt of the closure letter. All documentation relating to the investigation is forwarded to the relevant/appointed Principal, who undertakes a validity assessment. If they consider that there are grounds for the appeal, they then hear the appeal, usually within 3 working weeks. (The Principal can nominate another Senior Manager to hear the appeal.)
- 11.11 An appeal hearing is a recorded meeting at which the complainant outlines grounds for an appeal. It is not an opportunity to repeat the investigation but witnesses can be called if their evidence is directly relevant to appeal grounds.
- 11.12 A written summary of the appeal outcome will be sent within 10 working days of the hearing.
- 11.13 The Deputy Principal Redbridge will share all recommendations with Directors as appropriate to ensure continuous quality improvement.
